10	Multimeter	Multimeter measures up to 600V AC/DC voltage, 10A AC/DC current and 60 MOhms resistance, electrical tester also tests temperature, capacitance, frequency, duty-cycle, wire on-off, and test diodes and continuity.  EASY OPERATION - Large 2.9" LCD backlight display, 6000-count resolution.  MULTI-FUNCTION - Non-contact voltage testing and Live function with sound and light alarm. Min/Max/Average to record signal fluctuations. Stable kickstand, Pen slot on the back, Low battery prompt, Data retention, Auto power-off. SAFETY FIRST - IEC Rated CAT III 1000V, CAT IV 600V, CE, RoHS certified. Anti-Burn with double ceramic fuse and thermistor protection circuit. High Voltage Protection is active on all ranges. Double insulated unit. Silicone protective case prevents it from falling damage.	1
11	Soldering helper / helping hand	VERSATILE POSITIONING: Equipped with 6 flexible arms, each terminating in a sturdy alligator clip, this desk soldering station is expertly designed for precision tasks. STURDY CONSTRUCTION: Crafted from high-quality materials, the soldering station boasts a durable build that is designed to withstand the rigors of continuous use. This robust construction ensures that the station remains firmly in place while holding circuit boards and other items, allowing for precise and safe soldering.  SAFETY AND DURABILITY: The alligator clips are insulated to prevent short circuits, and the flexible arms are made of materials that resist heat, reducing the risk of burns or damage to components, making it a reliable assistand for any professionals or hobbiests.	1
